The Institution of Engineers (India)

Benefits of Chartered Engineer Certificate Issued by The Institution of Engineers (India)

The Royal Charter of Incorporation granted to The Institution of Engineers (India) [IEI] on 9 September 1935 endowed the Corporate Members of the Institution with the right to use the title 'Chartered Engineer (India)' after their names, implying that they are qualified engineers deemed worthy to hold a Charter.

The Chartered Engineer certificate issued by IEI has been largely acknowledged as a proven benchmark for an engineer to practice in India and abroad.

It has been observed that the Chartered Engineer certification has been useful for the following purposes:-

- To be empanelled as Valuer, Loss Assessor in various financial institutions like Banks. Insurance Companies etc
- To be empanelled as Chartered Engineer in the Original Side of High Courts, Central Excise and Customs and other similar government concerns
- To act as Inspecting and Certifying Engineers under statutory enactments and arbitration proceedings
- To get contracts of civil works from Municipal Corporations and similar government bodies
- To have better opportunities of being employed and/or promoted in multinational organisations
- To practice as a self employed consultant in India and abroad

In general, the Chartered Engineer certificate issued by the IEI, plays as a mark of recognition and acceptance of one's techno-academic qualification and professional attainment.
